THIS IS HOW WE ROLL.

MEN'S AND WOMEN'S SHOES

We are as passionate and dedicated as our founder, Dr. William Scholl, about creating effortless footwear for a healthy life. We believe that fashion and function should always be in perfect harmony. Work or play, we design footwear for your active, everyday life in the real world. We obsess as much about how shoes feel when you slip them on as how your feet feel at the end of the day.

With Dr. Scholl's® Shoes, your team can gear up with the right shoes to get the job done. Shoes that grip. Shoes with durability. Shoes that keep them comfortable all day long.
